Product Description

DeWalt Electric Jobsite Cold Water Pressure Washer (13 Amp) (2,100 MAX PSI at 1.2 GPM)

Power through outdoor cleaning jobs with the multi-use 2,100 MAX psi 1.2 gpm 13 Amp Electric Jobsite Cold Water Pressure Washer. For convenience and quick accessibility, this Pressure Washer was designed with internal storage capability so you can seamlessly stow and retrieve the included wand and nozzles. This durable unit has a high-strength frame for stacking and the self-contained, compact design makes the Pressure Washer 3X smaller. The design also gives you the freedom to store the unit vertically or horizontally. Simply place the hose securely under the main handle of the unit for low-hassle storage and transport. Accessories include a turbo nozzle for up to 2.4X cleaning width, 15° nozzle, 40° nozzle, a soap nozzle with wand storage, and a built-in removable soap tank for projects that require detergent for a full clean. This tool delivers the versatility to clean tools and equipment, along with decks, siding, sidewalks, boats, outdoor furniture, and vehicles. The Corded Cold Water Pressure Washer can easily be transported to the jobsite or around the home, weighing 24 lbs. with multiple grab points for loading and unloading, wheels, and a retractable handle.

Features:

- Take on a range of outdoor cleaning tasks with up to 2,100 psi* and 1.2 gpm
- High-endurance frame for stacking: Maximize your space with the self-contained design that allows for vertical or horizontal storage
- Simplified organization: Dedicated storage for on-board nozzle, hose, cord, and wand
- Hassle-free mobility: Washer weighs only 24 lbs. for quick transport to the worksite with multiple grab points, retractable handle, and wheels
- Clean with detergent by using the included soap bottle
- Durability for long-term use: Withstands heavy-duty usage with 25 ft. kink-resistant hose
- Clean surfaces up to 35 ft. away with power cord for long-range washing
- Expert-tested and approved: Cleaning Equipment Trade Association (CETA) Certified

- Backed by a 3-year limited warranty: Work with confidence and peace-of-mind
